The hanging systems are the most complex structures of in-store communication. They closely reflect the store traffic, and are determining it in the same time. The ceiling hanging displays have become a mandatory component of the communication mix for a commercial area.

Rectangular magnet with suspension ring, footprint 45 x 13 mm, 2,8 kg load. Housing made of clear plastic.

RAP 029-01

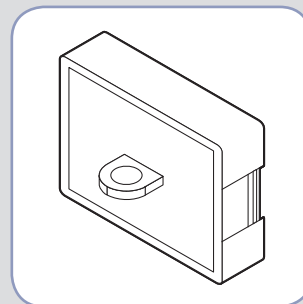

1.19 EUR / PC

Rectangular magnet with suspension ring, footprint 32 x 38 mm, 5,6 kg load. Housing made of white plastic.

RAP 030-01

1.28 EUR / PC

Round magnet with white aluminium case and screwed steel hook.

32 mm diameter, 7 kg load

LPM 021-46

1.01 EUR / PC

50 mm diameter, 17 kg load

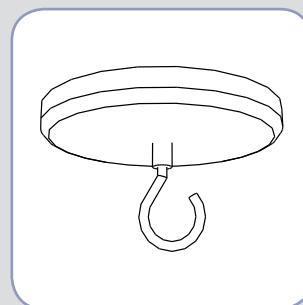

LPM 020-46

1.59 EUR / PC

63 mm diameter, 26 kg load

LPM 061-46

2.28 EUR / PC

Y-shaped white plastic clamp, with Ø 4 mm hole for suspension of light objects on ceiling grids.

LPP 066-01

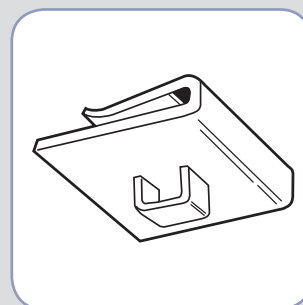

8.8 EUR / 100PCS

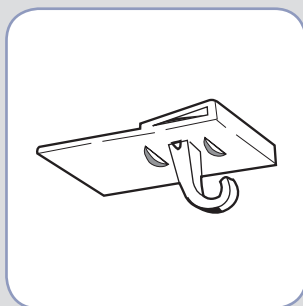

Transparent plastic clamp with suspension ring for ceiling grids for very light weights (small posters, pockets, etc).

LPP 006-03

7.04 EUR / 100PCS

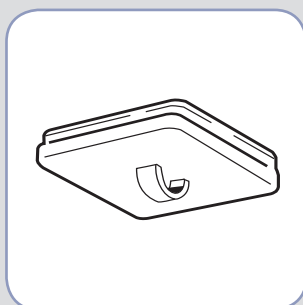

White plastic clamp with hanging hook for ceiling grids, for very light weights (small posters, pockets, etc).

LPP 016-03

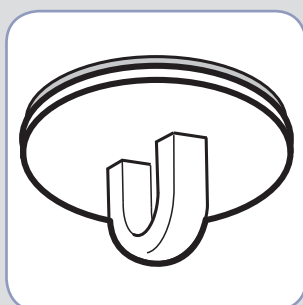

15.18 EUR / 100PCS

Plastic white ring with adhesive base 19x19 mm, for ceiling suspension.

LPP 007-03

8.8 EUR / 100PCS

Plastic white ring with round adhesive base \varnothing 20 mm, for ceiling suspension.

LPP 036-03

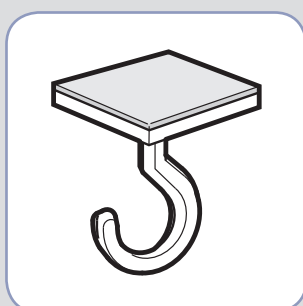

8.8 EUR / 100PCS

Plastic ring with oval adhesive base, 40x20 mm, for ceiling suspension. Colors: white, clear.

LPP 037-03

24.64 EUR / 100PCS

Plastic white hook with adhesive base 25x25 mm for ceiling suspension.

LPP 008-03

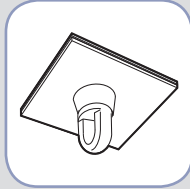

17.49 EUR / 100PCS

Chapter 6 - HANGING SYSTEMS

SALES MANAGER 2011- 2012

White plastic rotating ring, with rectangular 30x30 mm adhesive base for suspension on ceiling.

LPP 009-03

18.15 EUR / 100PCS

Rotating ring, with round \varnothing 40 mm adhesive base, made of white plastic.

LPP 038-03

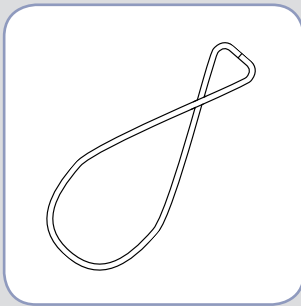

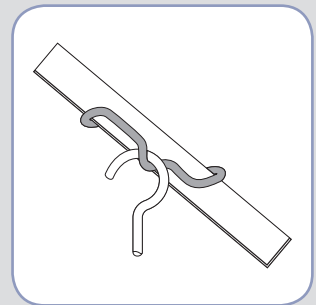

42.68 EUR / 100PCS

Clamp made of steel wire 1,5 mm, zink coated, for hanging onto ceiling grids with 30 mm width.

LPM 019-17

8.4 EUR / 100PCS

Elastic steel wire clip, fish shape, to be attached on the ceiling grids. Zinc finish, 65 mm length.

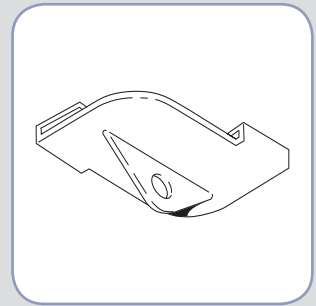

LPM 506-17

14.16 EUR / 100PCS

White plastic clamp to be twisted onto the ceiling grid crossbars. Optimal solution for suspension of medium loads.

LPP 350-01

0.33 EUR / PC

White metal clamp to be twisted onto the ceiling grid crossbars. Optimal solution for suspension of heavy loads.

LPP 351-01

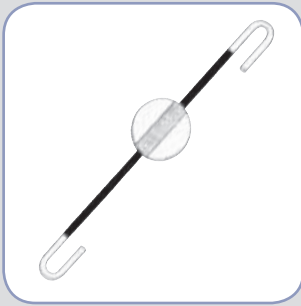

0.99 EUR / PC

Suspension system composed of a double hook and two magnets, for metallic surfaces. Dimension 200 x 95 mm, powder coated silver RAL 9006. By request, and for certain minimum quantities, other dimensions can be produced too.

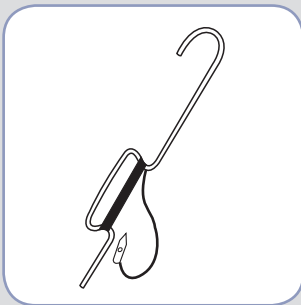

PPP 895-00

2.75 EUR / PC

Steel wire spring with irreversible extension. It is used for quick ceiling hanging to get the desired length within a second.

- Maximum extension: 1.5 m; for 400-1000 g loads
- LPM 001-03** 6.82 EUR / 100PCS
- Maximum extension: 1.5 m; for 1500-3500 g loads
- LPM 002-03** 9.9 EUR / 100PCS
- Maximum extension: 3 m; for 1500-3500 g loads
- LPM 003-03** 23.21 EUR / 100PCS

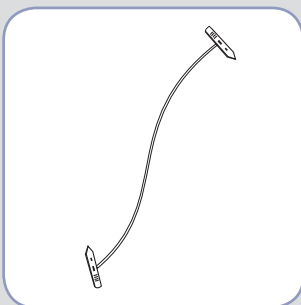

Suspension hook with winding nylon wire (1500 mm length). Colors: zinc-plated.

- LPM 004-03** 20.02 EUR / 100PCS

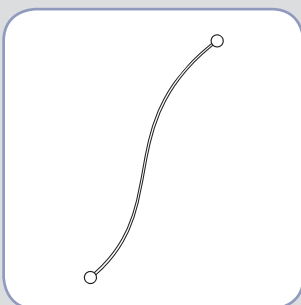

Suspension hook made of transparent plastic with black textile string (2000 mm length) that ends with a pin detached from the main hook body.

- LPM 090-03** 25.3 EUR / 100PCS

Nylon strap with metallic ends to be used for connecting two hanged posters. The advantage of this product is huge when you want to make more connections at the same distance.

- LPP 352-03** 50 mm length 36.52 EUR / 100PCS
- LPP 353-03** 100 mm length 36.63 EUR / 100PCS
- LPP 354-03** 200 mm length 36.74 EUR / 100PCS

High resistance textile strap, very thin, with end ball stoppers. Used to suspend light posters or boards that are prepared for such a connection. The advantage of this product is huge when you want to make more connections at the same distance.

- LPP 357-79** 50 mm length 46.8 EUR / 1000PCS
- LPP 358-79** 100 mm length 49.4 EUR / 1000PCS
- LPP 359-79** 140 mm length 53.04 EUR / 1000PCS
- LPP 360-79** 180 mm length 55.64 EUR / 1000PCS

Knotted steel chain for hanging, K10, steel wire thickness 1mm, zinc finish, 50 m roll. Theoretical maximum recommended load is 30kg which can lower due to weaker hanging accessories. Upon request, we can deliver also thicker wire chains: 1,2 / 1,4 / 1,6 mm.

LPM 038-17

29.76 EUR / ROLL

Braided cable made of 13 zincked steel wires, total thickness of 1 mm. Theoretical maximum recommended load is 45 kg which can lower due to weaker hanging accessories.

500 m roll

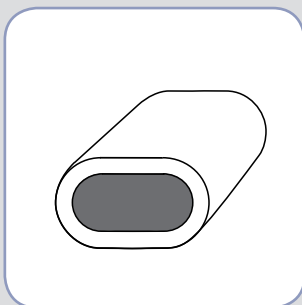

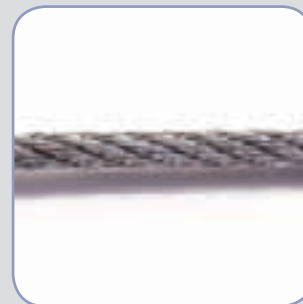

LPM 254-17/0500

245.45 EUR / ROLL

100 m roll

LPM 254-17/0100

56.4 EUR / ROLL

Oval flange made of aluminium to be pressed on 1 mm cable in order to get an end loop. Special press tool needed.

LAM 031-17

39.41 EUR / 100PCS

Manual press tool used for clamping the flanges on 1 mm cables in order to connect them.

LPM 091-17

189.6 EUR / PC

S-shaped hook, 25 mm in length, made of 2 mm steel wire, zinc finish.

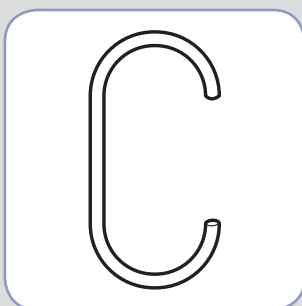

LPM 040-17

7.78 EUR / 100PCS

S-shaped hook, 60 mm in length, made of 2,2 mm steel wire, zinc finish.

LPM 075-17

8.55 EUR / 100PCS

C-shaped rounded hook, 39 mm in length, made of 2 mm steel wire, zinc finish.

LPM 017-17

6.24 EUR / 100PCS

C-shaped sharp hook, 39 mm in length, made of 2 mm steel wire, zinc finish.

LPM 034-17

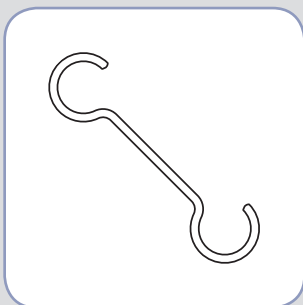

4.08 EUR / 100PCS

Metallic clamp zinc finish in pear-shape for \varnothing 35 mm tube hanging.

LPM 058-17

26.4 EUR / 100PCS

Wire double hooks, \varnothing 2 mm in various lengths,
Available finish: zinc-plated.

LPM 008-17 L 100 mm 102.24 EUR / 1000PCS

C-shaped plastic hook.

- 40 mm length. Colors: white, clear
LPP 003-03 7.04 EUR / 100PCS
 60 mm length. Colors: white
LPP 032-03 13.75 EUR / 100PCS

S-shaped plastic hook.

- L 38 mm. Colors: white, clear
LPP 004-03 6.49 EUR / 100PCS
 L 55 mm. Colors: white, clear
LPP 005-03 8.8 EUR / 100PCS
 L 110 mm. Colors: white
LPP 065-03 41.36 EUR / 100PCS

White plastic hanging hook, with PVC pocket fastening clip. The PVC pocket should have 4 mm holes, at 7 mm from the edge.

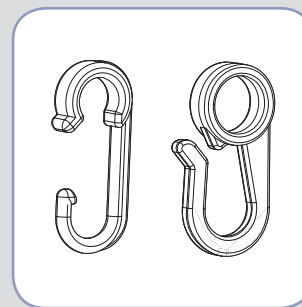

- LPP 067-01** 0.33 EUR / PC

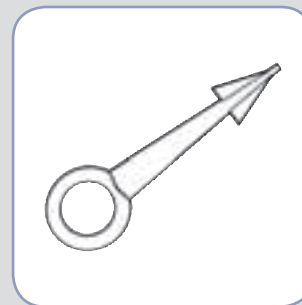

Plastic hook, used for suspending posters on tubes.
All versions can easily slide and rotate on the tube.

- For \varnothing 10 mm tubes, clear or grey
LPP 049-01 0.22 EUR / PC
- For \varnothing 16 mm tubes, clear
LPP 057-01 0.22 EUR / PC
- For \varnothing 10 mm tubes with closed loop, clear
LPP 074-01 0.22 EUR / PC

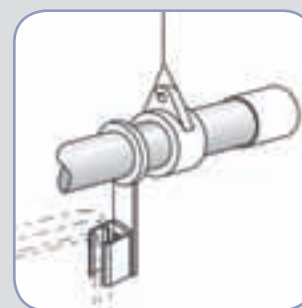

Hanging ring made of white plastic with pin to be fixed in soft foam materials (kapa, foam-x). Total length: 38 mm.

- LPP 015-03** 11.66 EUR / 100PCS

Aluminium tube, \varnothing 20 mm x2000 mm. Colors: anodized aluminium, white or black.

- LPM 022-01/1000** 6.54 EUR / PC

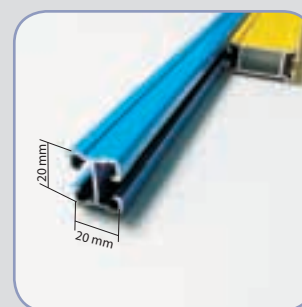

Aluminium hanging profile, 20x40x1000 mm. Maximum available length: 6 m. Colors: anodized aluminium. Product available on our stock.

- LPM 025-01/1000** 7.26 EUR / PC

Aluminium hanging profile, 20x20x1000 mm. Total available length: 6 m. Colors: anodized aluminium. Product available on our stock.

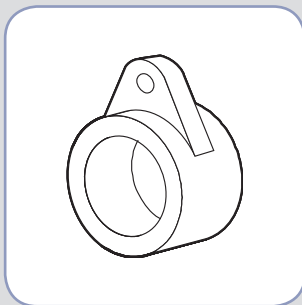

- LPM 028-01/1000** 4.84 EUR / PC

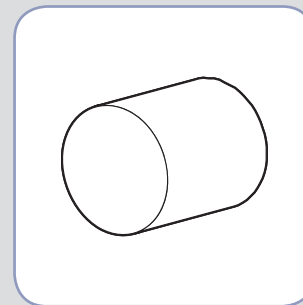

Metallic interconnector, 100x14x4 mm, with two 4x10 mm screws and one 4x20 mm screw hoop. Product available on our stock.

- LAM 111-00** 0.73 EUR / PC

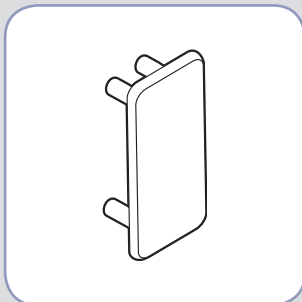

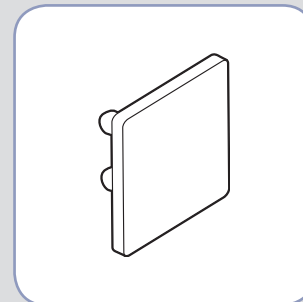

Suspension ring for LPM 022 tubes. Available colours: grey.
LAP 017-01 0.27 EUR / PC

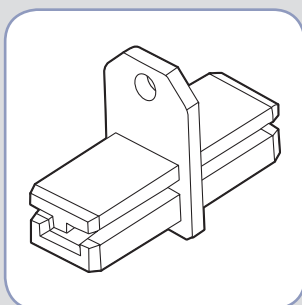

End cap for LPM 022. Colors: grey.
LAP 018-01 0.33 EUR / PC

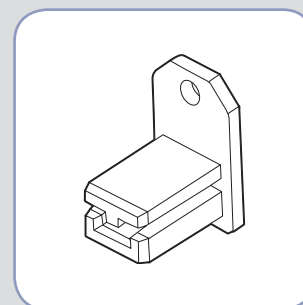

End cap for LPM 025 (20x40 mm) . Colors: grey.
LAP 022-01 0.33 EUR / PC

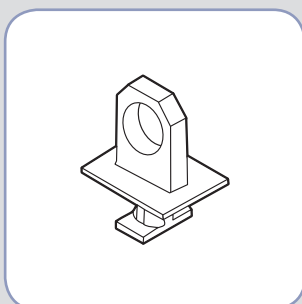

End cap for LPM 028 (20x20 mm). Colors: grey.
LAP 023-01 0.27 EUR / PC

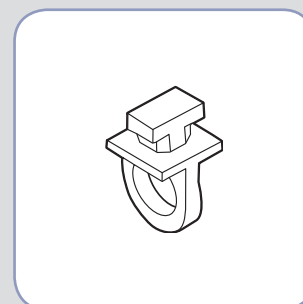

LPM 028 to LPM 028 connection accessory, with hanging ring. Colors: grey.
LAP 024-01 0.73 EUR / PC

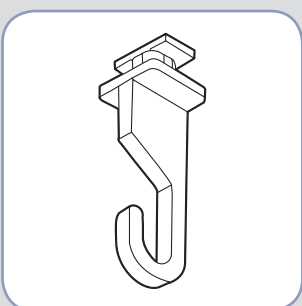

End cap with hanging ring for LPM 028. Colors: grey.
LAP 025-01 0.49 EUR / PC

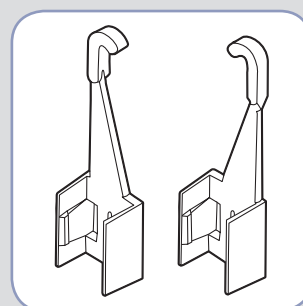

Suspension ring for aluminium or DECO profiles. Mounted directly, by twisting. Colors: grey.
LAP 026-01 0.14 EUR / PC

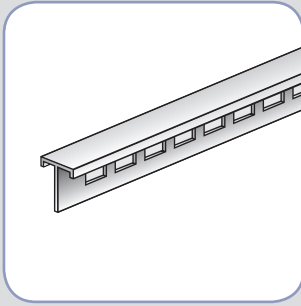

Ring with twist fastening onto aluminium profiles. To be used for hanging frames or posters displays. Colors: clear. Product available on our stock.
LAP 028-01 0.27 EUR / PC

Hook with twist fastening on aluminium profiles. To be used for frames or posters display. Colors: clear. Product available on our stock.
LAP 029-01 0.27 EUR / PC

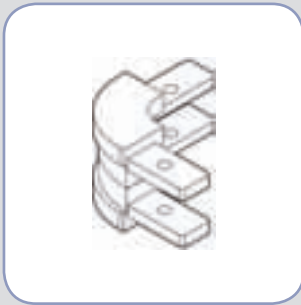

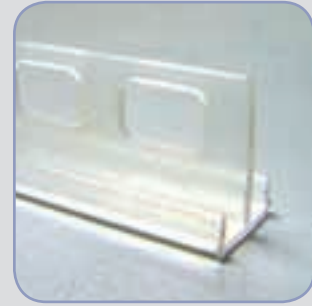

Plastic hooks (pair) for series 1 frames (A6-A3), hanging directly on aluminium profiles, inserted directly into the profile's lower part. Colors: clear.
LAP 031-01 0.36 EUR / PAIR

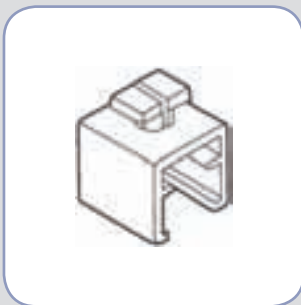

PVC perforated rail, with LPM 025 and LPM 028 profiles, used as an intermediary accessory between the aluminium profile and the hanged markers. Maximum available length: 3 m. Colors: clear. Product available on our stock.

LAP 019-01/1000 1.81 EUR / PC

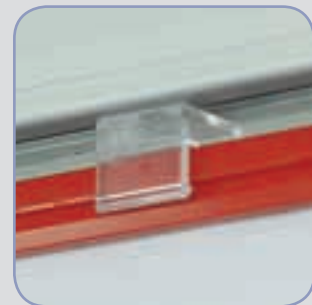

Corner connector for LPM 025 and LPM 028. Delivered with two identical parts which individually are used for LPM 028 and assembled are used for LPM 025. Colors: grey. Product available on our stock.

LAP 021-01 1.59 EUR / PC

Series 1 (A6-A3) frames hanging accessory, with twist insertion, on aluminium profiles. Colors: clear.

LAP 030-01 0.27 EUR / PC

The suspended DECO profiles hold an advantage over the aluminium rails/frames system. We are speaking about smaller global costs, easy use and less parts involved. Most of the times, they are used in discount stores, where the costs and the operating speed are very important. They allow the display of A4 and A5 prints display on both sides. Maximum available length: 2 m. Colors: red RAL 3020, ultramarine RAL 5002.

For A5 portrait or A4 landscape prints. Product available in our stock on red color

LPP 050-01/1000 8.1 EUR / BUC

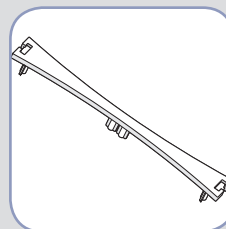

For A4 portrait or A3 landscape prints, min 1000m

LPP 051-01/1000 11.44 EUR / PC

Hook accessory for DECO profiles hanging. Slided inside from one of the ends. Colors: red RAL 3020, ultramarine RAL 5002. Product available on our stock.

LAP 038-01 0.22 EUR / PC

End cap for DECO profiles. Colors: red RAL 3020, ultramarine RAL 5002.

For A5 Deco profiles. Product available on our stock

LAP 039-01 0.33 EUR / PC

For A4 Deco profiles

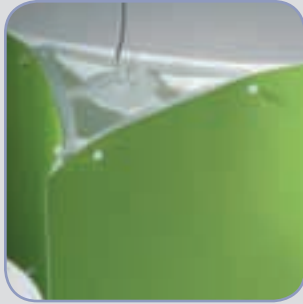

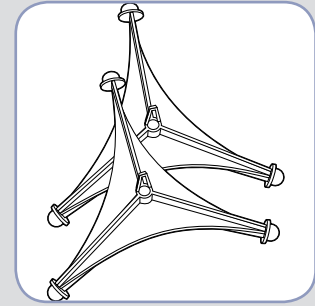

LAP 040-01 0.44 EUR / PC

The Mini Tri-rama panneling system allows the display of three small size prints - A5, A4, A3. Delivered in a set of 2 triangles and the hanging system. Colors: white.

LPP 010-03

2.36 EUR / SET

The Tri-rama panneling system allows the display of three prints in triangular section. Delivered in a set that contains 2 triangles and the hanging system. Being larger and with a double attaching system for prints, it allows displays of bigger sizes than the Mini Tri-rama. If the prints width is determined by the triangle's dimensions, their height may be chosen without restrictions. For further mounting instructions, please contact us. Colors: white.

Small Tri-rama for prints of width between 250 and 600 mm. Distance between the holes: 160 mm, hole diameter: 5,5 mm.

LPP 011-03

9.35 EUR / SET

Tri-rama for prints of width between 380 and 1000 mm. Distance between holes: 320 mm, hole diameter: 5,5 mm.

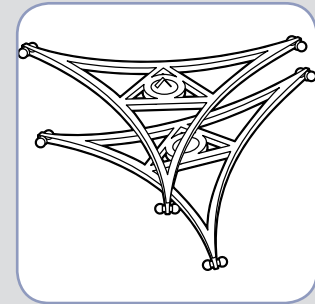

LPP 012-03

10.01 EUR / SET

Mega-rama for prints of width between 750 and 1500 mm. Distance between holes: 508 mm, hole diameter: 5,5 mm.

LPP 013-03

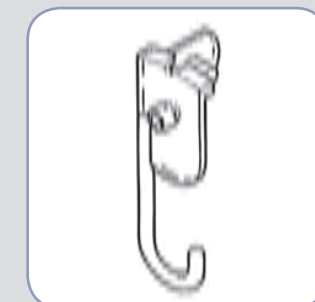

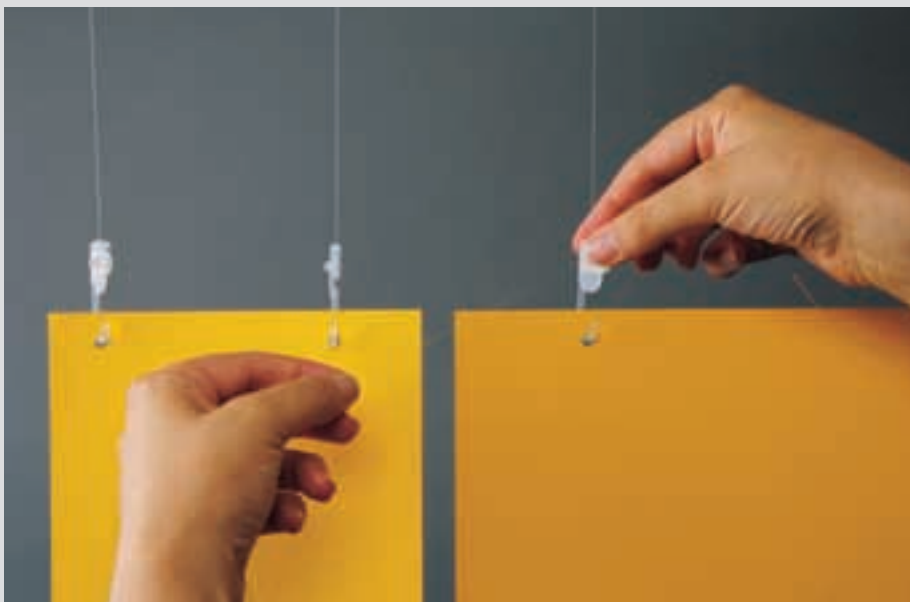

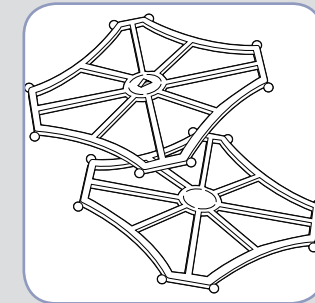

21.45 EUR / SET

Quadra-rama panneling system, for four prints in square section. Print width: 300-600 mm, distance between holes: 160 mm. Delivered in a set: 2 plastic parts and the hanging system. Colors: white.

LPP 014-03

15.29 EUR / SET

Plastic hook for light posters hanging. The string is blocked with a clamp after vertical positioning of the poster.

LAP 330-326

8.4 EUR / 100PCS

PVC display pockets with two metallic hanging rings. May be opened in the lower side, to easily insert the poster. Below, we will present some standard formats, other dimensions being available upon request. Colors: clear. Product available on our stock.
